Table notes

Although the headline ranking figures show changes in the data year to year, the pattern of clustering among the schools is equally significant. Some 180 points separate the top programme, Insead, from the schools ranked number 98. The top 13 participants, down to IMD, form the top group of MBA providers. The second group, headed by HKUST Business School, spans schools ranked 14 to 42. Differences between schools are relatively small within this group. The 49 Schools within the third group headed by Renmin University of China School of Business are similarly close together. The remaining 10 schools headed by Birmingham Business School make up the fourth group.
